KEY SKILLS

- Qualitative research
- Source and literature review
- Interviewing and field inquiry
- Thematic analysis
- Program evaluation
- Evidence synthesis
- Research documentation
- Reports and presentations
- Stakeholder communication
- Provenance and citation practice

SELECTED EXPERIENCE

Seminar Schools | 2025–Present

- Independent website that organizes published teaching resources, research materials, essays, public information, and clearly labelled conceptual projects.
- Completed work, active development, and proposals are presented separately.

polymyth / AA* | 2025–Present

- Research and writing framework used to organize concepts, citations, project records, and methodological rules across the website.
- The archive distinguishes user-authored source material from public-facing summaries.

Florilegium | 2025–Present

- Commonplace-book project for organizing passages, citations, reading notes, and connections across the wider research archive.

Research Assistant, McGill University | 2013–2014

- Philosophy department.
- Research assistance during final year at McGill before beginning the MA at EGS.

General

- Full record General Paid, volunteer, educational, and independent work across the complete timeline.
- View full record → Research and assessment Research + Evaluation Questionnaires, mixed methods, program assessment, reporting, data quality, and community research.
